

REMARKS

Claim 28 has been rejected under 35 U.S.C. 102(b) as being anticipated by Ragulin et al. Claims 29-30 have been objected to as being dependent upon a rejected base claim.

Applicants wish to thank the Examiner for indicating allowable subject matter in Claims 29 & 30. Claim 28 has been rewritten and narrowed in scope to cover divalent aromatic heterocyclic groups comprising heterocyclic rings with the proviso that $m + n + p$ is equal to 2 so that the carbon atoms of the heterocyclic rings are fully substituted by fluorinated fluorosulfonyl groups. No new matter has been added by this amendment.

Ragulin does not disclose or suggest the compositions of Claim 28, as amended herein.

In view of the foregoing, allowance of the above-referenced application is respectfully requested.

Respectfully submitted,

/Brian C. Jones/
